RFP Identifier: ERATE 2012

La Villa Independent School District is requesting pricing for the upcoming E-Rate funding for services and internal connections. Please reply to whatever services you offer with your best and final price.

Proposals are due January 13, 2012 by 10:30 AM. Proposals will be accepted by mail and/or hand deliver only. Any questions you have will be accepted by January 6, 2012 please do so by e-mail to jgaray@lavillaisd.org This RFP will be posted at www.lavillaisd.org on December 21, 2011.

La Villa ISD is asking for the following services:

Priority One

- Four T1 lines to be shared by elementary and middle school plus internet access for each line
- Three T1 lines for high school plus internet access for each line
- 30 phone lines
- PRI (2 locations)
- Long distance service
- Cellular service to include data, voice and internet access
- Web Hosting

Priority Two

- Removal of existing cabling at middle school, elementary, and high school
- Removal of existing fiber cabling at middle school, elementary and high school
- Installation of Cat 6e cabling (681 drops) at middle school, elementary and high school
- Installation of new fiber (10 fiber runs 4 pair) at middle school, elementary and high school
- Installation of new patch panels (10 closets)
- Services to include maintenance of existing equipment; switches, routers, eligible E-Rate servers and wireless infrastructure (200 hours)

Thank you for your participation in this RFP process.

Sincerely,

Juan Garay
Technology Director
